

M/S EAST MEETS WEST **LUXURY GULET WITH 9 EN-SUITE CABINS**

OVERVIEW

You are sure to relax onboard our own luxury gulet.

Continued improvements this winter include newly fitted bathrooms with shower cubicles and black marble hand basins. We've also fitted new furling sails so we can sail more often in a wider variety of weather conditions.

An enclosed Salon for indoor dining is great for occasional Autumn showers.

The design of our boat means there is plenty of space for sunbathing and relaxing, a comfortable front seating area plus dining on the aft deck so you have a different view with almost every meal.
